

AGP-4300

ExpressParc®

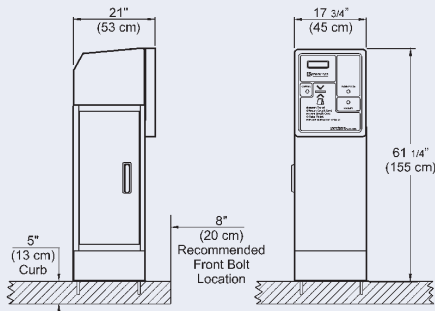

***Credit Card Only
Central Pay Station***

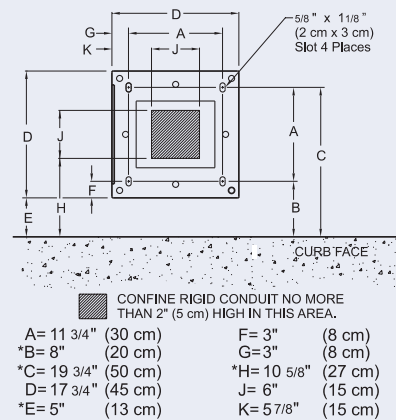

The AGP-4300 Series ExpressParc Credit Card Only Central Pay Station is typically located at a central location within the parking facility. The system accepts entry tickets, expired exit tickets, validated tickets, and mag-stripe validation coupons, calculates the parking fee, accepts and processes the credit card, prints and issues a receipt on request, and issues a paid exit ticket.

Central Credit Card Only Pay Station

AGP-4300

BOLT LAYOUT

* RECOMMENDATION ONLY, INSTALLATION REQUIREMENTS MAY VARY.

FEATURES

Greater throughput at exit—reduces traffic congestion in exit lanes

Secure unit—cash is neither collected nor dispensed

Large selection of financial processors supported

ADA compliant

Uses common hardware components (RWPV-based), fewer inventoried parts, reduced service training

Tamper-free operation

Easy payment procedure for customers

Allows easy analysis of activity & revenue
